

In 2023-24 we are going to make learning in our school even better by...

Making sure that your learning in every lesson is excellent.

The adults in school will:

- Plan lessons around what each of you need.
- Share exciting new books with you in English lessons.
- Give you lots of opportunities to show off your amazing writing.
- Carry on with Read Write Inc.
- Start a fun new way of learning Maths in Swans and Doves.

I can help by:

- Trying my best in all my lessons.
- Listening to my teacher tell me how to improve my work and trying to make it better next time.

Improving attendance

The adults in school will:

- Check where you are if you're not in school.
- Speak to your adults if there is a problem with you coming to school on time and help if they can.

I can help by:

- Coming to school every day unless you are really poorly.
- Telling an adult if there is a problem.

Planning opportunities for your families to be involved in school

The adults in school will:

- Plan events for your families to come into school.
- Look at homework and see how we can make it the best for everyone.

I can help by:

- Inviting my family to school events.
- Telling my family what I've done in school.
- Completing my homework on time.

Helping you to make good behaviour choices and feel safe in school

The adults in school will:

- Help you be the very best you can be by reminding you of what we expect.
- Every adult will help you with any problems you have.

I can help by:

- Telling an adult if I am worried or upset.

Using PIXL to help us understand what you have learnt

PIXL

The adults in school will:

- Do a PIXL group with you if you have found something tricky in Maths or English.
 - Check what you know with PIXL tests.
- I can help by:
- Trying my best in PIXL groups and on the tests.
 - If I get something wrong, use the value of perseverance to try again.

Planning exciting activities in Early Years to help you learn

The adults in school will:

- Plan activities and resources to help you improve your vocabulary.
- Plan activities matched to what each of you need.

I can help by:

- Talking to adults in the classroom.
- Having a go at different activities.
